# PROCESS OF THE E-WASTE COLLECTION DRIVE

In hostels, door to door collection by NatCom will take place.

In Acad block, a box for e-waste is kept for students to dispose of e-waste.

The e-waste will be sent for recycling in a safe and effective manner.

Students are voluntarily requested to donate e-waste.

# About WBNUJS

The West Bengal National University of Juridical Sciences was established under the WBNUJS Act, 1999 (West Bengal Act IX of 1999) adopted by the West Bengal Legislature in July 1999. The University was notified under Clause (f) of Section 2 of the UGC Act, 1956 in August 2004 and has been granted permanent affiliation by the Bar Council of India in July 2005. Initially, classes, which started in 2000, were held at Aranya Bhavan, where the Environment Ministry of the Government of West Bengal is located, and the first batches of students started living in government flats. On 28 October 2002, the university's present-day permanent campus was inaugurated by the then Chief Justice of India, B. N. Kirpal.

# About Nature Committee

With the motto of "reduce- reuse- recycle" Nature Committee better known as 'Natcom' works towards making NUJS campus more environmentally friendly and green and clean. The main objective of the Nature Committee is to sensitize the student body on the importance of green values and to create awareness regarding environmental issues. The Nature Committee in the past has organized plantation drives. It is also responsible for the waste segregation program which is successfully running on the campus. Nature Committee has a tie up with 'Vital Waste' and works for recycling of paper and plastic used in campus and for electricity and water conservation. Reduction of paper use and beautification of campus are some of areas for which Nature Committee actively works.

# About Lions Club International

The Lions Club International is one of the largest service organizations of the world with presence in over 208 countries and membership strength of over 1.4 million volunteers. It has embarked on an e-waste collection and community education drive to create awareness on the harmful effects of e-waste on the planet and the significance of effective management.
